# THE RACE FOR THE 1ST...

**RELEASE!** (GUESS WHO'S ALLREADY ARRIVED) HOPE

# I have to say ...

Choosing a group name is a really hassle JOB. The problem was mentioned also in this mag some issues ago. But here is the ultimate and -probably- the best solution: if you are establishing a new group or you are in a group which is never greeted, then just try this name: "THE REST" and you'll be greeted in almost every single scrolltext B-coz the greetings scroll mainly ends with the following words: "...and greetings to the rest." Dig it???? No???? Then you really have to choose the name "the rest".....

Idea by VTX, article by Zolee/REDS

In the last CCCP Transcom said that all Flemish guys are stupid (referring to the article about LEGEND). They reviewed their opinion about "ALL". Meanwhile they are death anyhow!!!! read da news to have all the details about they dissappearance off the scene!!!

# THE NEWS

- Excell left IKARI because of internal problems with BOD!  
Lotsa people say he made a bad move by doing that!!!  
He's groupless for the moment...
- DOM are completely reorganizing thier group! They should  
gained some new members such as : GENE, NINJA, FOX  
and a new original supplier called TIS (ex-JEWELS)
- The real story about the leaving of DOGFRIEND is that he  
couldn't phone for free in europe so he got a huge bill  
but the other DOM promised to pay their part!! they  
never did, so DOGFRIEND was lazy for a period!!! then  
macro nit wanted to rejoin !!! Dogfriend was against it  
but due to his in activity the rest prefered Macro Nit!
- PYLE and DEFF both left CRAZY and joined ILLUSION.  
After a while CRAZY was completely death as GOTCHA left  
the scene in order to work on his games!!!! So probably  
their next demo (1 part) will never be released!!!!!!
- Rumours go around that DOGFRIEND should get back in a  
new group together with some CLASH and C42 members!!!
- DOMINATORS and ILLUSION are in war with LEGEND.
- SUBSTANCE is a new american group formed by PATHFINDER  
and PARTYMAKER.
- HORIZON left NEC and joined RANDOM!! So did THOR and  
ILLUSIONIST!!! The CURE left the scene again.
- JUMPIE/F4CG left the scene!!! He got scared cause the  
Police in Belgium!! He wanted to spend more time and  
money on his (italian) girlfriend.
- NECROMANCER left WOW in order to join SHADE DESIGN  
cause everybody in WOW was too lazy!!!

- BLITZ and INFINITY were kicked out of MANOWAR (kicked  
out of XTC too !!!! ed.)
- JADE of DOMINATORS changed his handle in NME (ennemy got  
it lamers!!! ed.) cause he got many ennemies!!!
- PIRATES will be released by F4CG again in the near  
future !!! Look out for it.....
- VILLAIN (ex-NEC+NEI, SURVIVORS (original member), MAYHEM,  
EPIC) is now back in the scene under the name of  
PROBLEMCHILD/ATC !!!!!!!
- SLICK left SHADE DESIGN and joined ARSON....
- NINJA/DOMINATORS has put up a new euro board called :  
THE ULTIMATE SIN!!! Euro hq for DOM and F4CG!!!!!!!!!!  
Call it on : ++32/(0)53/628658.....
- INC is death for sure now!!!! MASTER KRACKER joined  
MIRAGE!!!!!! If you wonder why let me say that MIRAGE now  
and then have good originals but they are not able to  
crack them!!!! he joined them simply in order to piss  
off the guyz in NEC+NEI cause he's one of the best US  
crackers!!!!!!

# THE INTERVIEW !

And now we have an interview with the worldfamous coder of F4CG (?????). The man (boy) who made the game Puffy's Saga for UBI-SOFT, and who astounded you with lotsa incredible demo's (a bit exaggeration pfff ed.) The interview was done when we were going to the CES in London by boat so sorry for the bad handwriting...héhé

P : PIRATES  
W : WIM

P : How did you get into the scene ?????

W : Welp i got my first c-64 in the year 1986 after Christ. First i started to do the most ugly and stupidest things you could imagine. With some friends in my class we formed TRIUMWIRAT III and we bought our software!!! Then i made my first real demo and someone named SIR004/WOW got it and was impressed by it!!! So he asked me to join WOW, and so i did!!!! Then they joined forces with ARGUS under the label B-ART!!!! But they didn't last long and they both splitted up again! Then in 1987 i went to a copy-party of NFC and they asked me to join which i did!!! A year later NFC stopped due to internal problems and the best members joined F4CG !!!! and i still am.....

P : What are your activities in F4CG??????

W : Ooohh geeee.... eehmmmmnn well fooling around with the guyz in F4CG, coding demo's and now and then making a small game!!! (Puffy's saga a small game ed.) Also some grafix but therefore we got other members!!!!

P : Why do you stay legal???????

W : I've not enough time to do other things and i don't feel to! i'm able to crack but i never do as i ain't got the time!!!

P : Describe yourself for the readers?

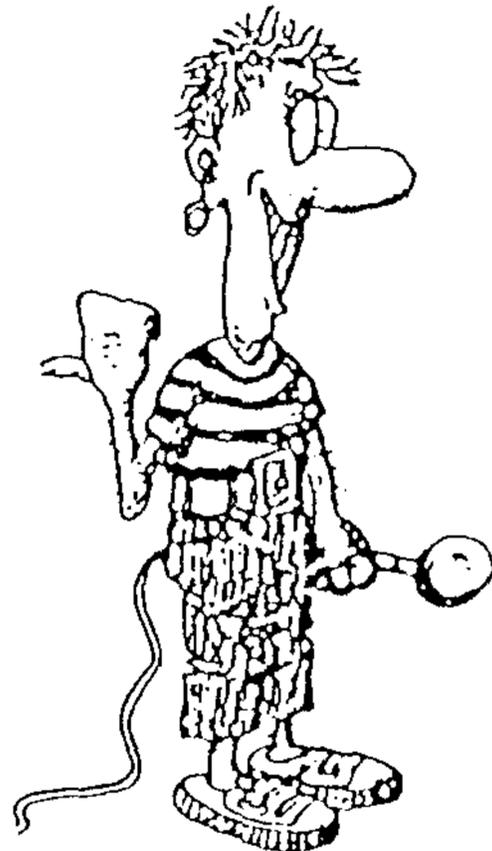

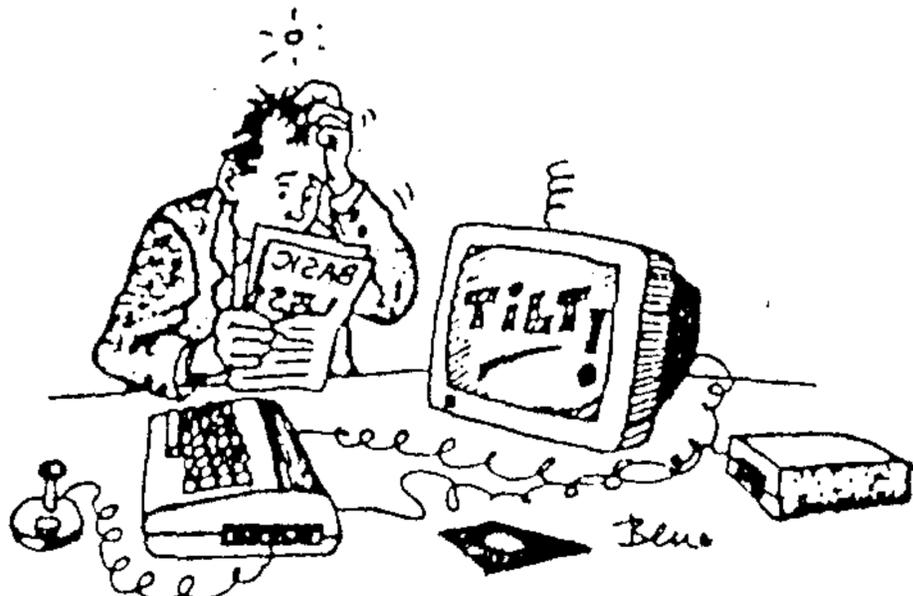

W : I'm a stupid fool!!! I'm perfect..

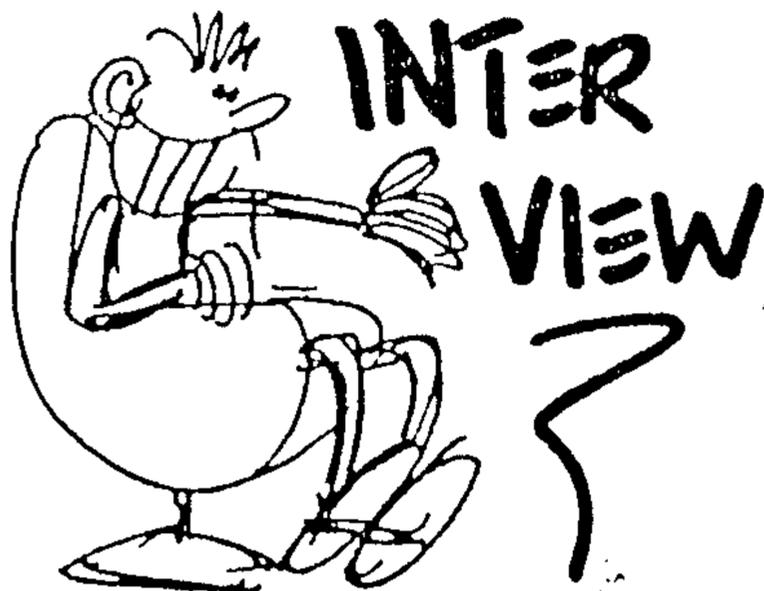

P : Do you compare yourself to Mr. Cursor

W : Some time ago Mr. Cursor was the number 1 coder in the world!!!! I think thats not right!! He's good, but not that good to be that long the #1!! It's good for him but the guyz who voted for him are crazy If i'm in the mood i can make great things and code for hours, but if i don't feel like coding i make lame things!!!!!!

P : What do you think about drugs

W : Never tried that so.....???????  
(He looks like a junkie anyhow ed.)

P : When did you have your first orgasm?  
W : No comments on that but long before you were born!!!! (I'm older than you so I guess we know enough hu!!! ed.)

P : What do you think about ripping?????

W : Well if you rip stupid routines of older demo's its ok, but if it concerns newinvented routines its very LAME!!!! I do ripp older routs from previous demos if I don't want to code em all over again!!!!

P : What do you like on TV?? Mc Guyver or Alf?????

W : Alf??? Whats that!! A new kind of dogfood!?!??? Well Mc Guyver is ok, but its a pitty we never are able to see his dick!!!!!!

P : What is your favorite kinda music??????

W : Heavy Metal, U2, Sting, MON, 20CC

P : What do you like to drink?????????

W : Pisang Ambon is quit cool, burps, (he learned it drinking on our way to the CES, he and Solar emptied one entire bottle in 1/2 hour ed.) Apart from that I only drink Coca Cola and Milk (Wooaaaww ed.)

P : What are your favorite kinda movies?

W : I mostly prefer action movies then PORNO movies are ranked second!!! Also Horror movies are funny to watch but a good, bloody action movie conquers my heart!!!! A pitty we couldn't watch Total Recall on the boat but Ninja saw it already!!!! Lamer.....

P : Give us your opinion about the situation in Irak??

W : Hahahaha I would like to be there myself!!!! There's lotsa action going on over there - maybe we could make an action movie of it - !!!! But I wouldn't intervene cause they're doing birth control by killing eachother and that's good!!! we're with too many already!!

P : Whats your own opinion about your game Puffy's Saga???

W : An I'm a perfectionist, it ain't that good!!!! It could have been way better!!!! The sprites, the multiplexer in 4 zones with 4 sprites!! BAD!! The Amiga version is much better, but the 64 version could've been as good!!! The gfx were not that nice and the Amiga version, is too hard to play!!!!

P : Who would you like to kill?????

W : The baby on board of this damn boat!! Cause he was crying while there was some nice SACRED REICH music on!!!!

P : Ok WIM thanx for da interview and one good advice... STAY OFF THE BOOZE and stick to Milk.....

W : Eeerrr, ok.... No problem!!!!

# THE PARTY!

YEAH, finally it's time for a real PCS report or better CES (Computer Entertainment Show) cause the name changed !! After being there last year I had to go back this year because it's so great !! So we arranged everything to go to London together with the WIM and ABIGAIL of F4CG and NINJA of DEFJAM (ex-G\*P). As we thought the show would start on wednesday we left Belgium on Tuesday eve!! We had to pick up WIM in Ostend as he was still working on his game together with LORD JOERIX/ARGUS!! So there we went for another 5 exhausting days!! We took along some booze as it was a 4 hour trip with the boat from Ostend to Eastern docks!! Then 90 minutes train travel and we arrived around 8 AM in Victoria Station (That is in London!!) First we went to check out if the show started on Wednesday (or not as different sources told us different dates!! And as we arrived at Earl's Court we came to the conclusion it started on Thursday!! Shit, we were stuck in London so we went to Oxford Street to see the shops!!) After walked around one day in London we were tired but we had no place to sleep yet. So we went to a hotel mentioned to me by Hobbit/FLT. Lucky we had our sleeping bags with us cause the place was so damn filthy!! Anyway we had a roof above our head and we were back on strenght for the coming day!! Before we left we made arrangements with some friends so we get some trade passes to get in!! But he could only show up around 1 PM!! We went over there around 10 AM hoping to meet someone!! Lucky for us a certain guy came towards asking if we were programmers!! I said immediately yes and he invited us for a reception ( free food 'n booze!! Sounds great!!) I also asked him tickets and he gave us some so we could enter the show anyhow!! When we entered we saw immediately that the show not as big as last year!! Nevertheless we had lotsa more fun!! We walked around a bit and we met some guys from DOM (tricket, animal, jade and karate kid) After a small talk it was time for us to meet with the dude who would give us the trade tickets we already had!! héhé!! A certain guy named FOGGY (alias the MIDGET) of BABYGANG (england) came to us asking if we were F4CG!! Well shit, indeed we were !! So he ran away (scared & stoned ??) and came back with some friends ( now a big fight was coming up !!??...) But no, they immediately recognized us as the hero's for the people, criminals for the state and we smoked the peace pipe!! Bullshit! Don't mind the crap!! Serious again! He went to get TLH of COSINE as he was the dude with our tickets (we still didn't need). Well we went in again and we started to play some games as they were all for free!! Hard Drivin' is awesome!! We had a nice time playing around but we also were in London to sell our new game!! We first had to come up with a name for our coding group as we could say "Hi, we would like to make an appointment. My name is SOLAR/F4CG!!" No way, so I came up with the name MIRACLE DESIGNS!! Why not..... Lots of firms showed interest but I'm giving you an advise never sell your game to OCEAN or GREMLIN cause they're bigheaded and they would ripp you off as a beginner!! Better sell it to PSYGNOSIS (they require a 16bit too!!) - THALAMUS - DOMARK - STORM/SALES CURVE - MIRRORSOFT - VIRGIN/MASTERTRONIC. We'll take one of the four first as we were welcome!! Some drinks, food, a nice hostess with nice legs and big boobs talking to you!! What more do you need????? Soon the Wednesday edition of the show was over and we went eating at Burger King.. baahhh Mc Donalds is loads better!!!! The Dominator dudes were gone to check out some whores but I guess they never got laid!!! Guess Tricket/DOM only wanted to show off!!! nevertheless he was walking around with about 600 £, 1200 \$ or 2100 dm according to TLH/COSINE.

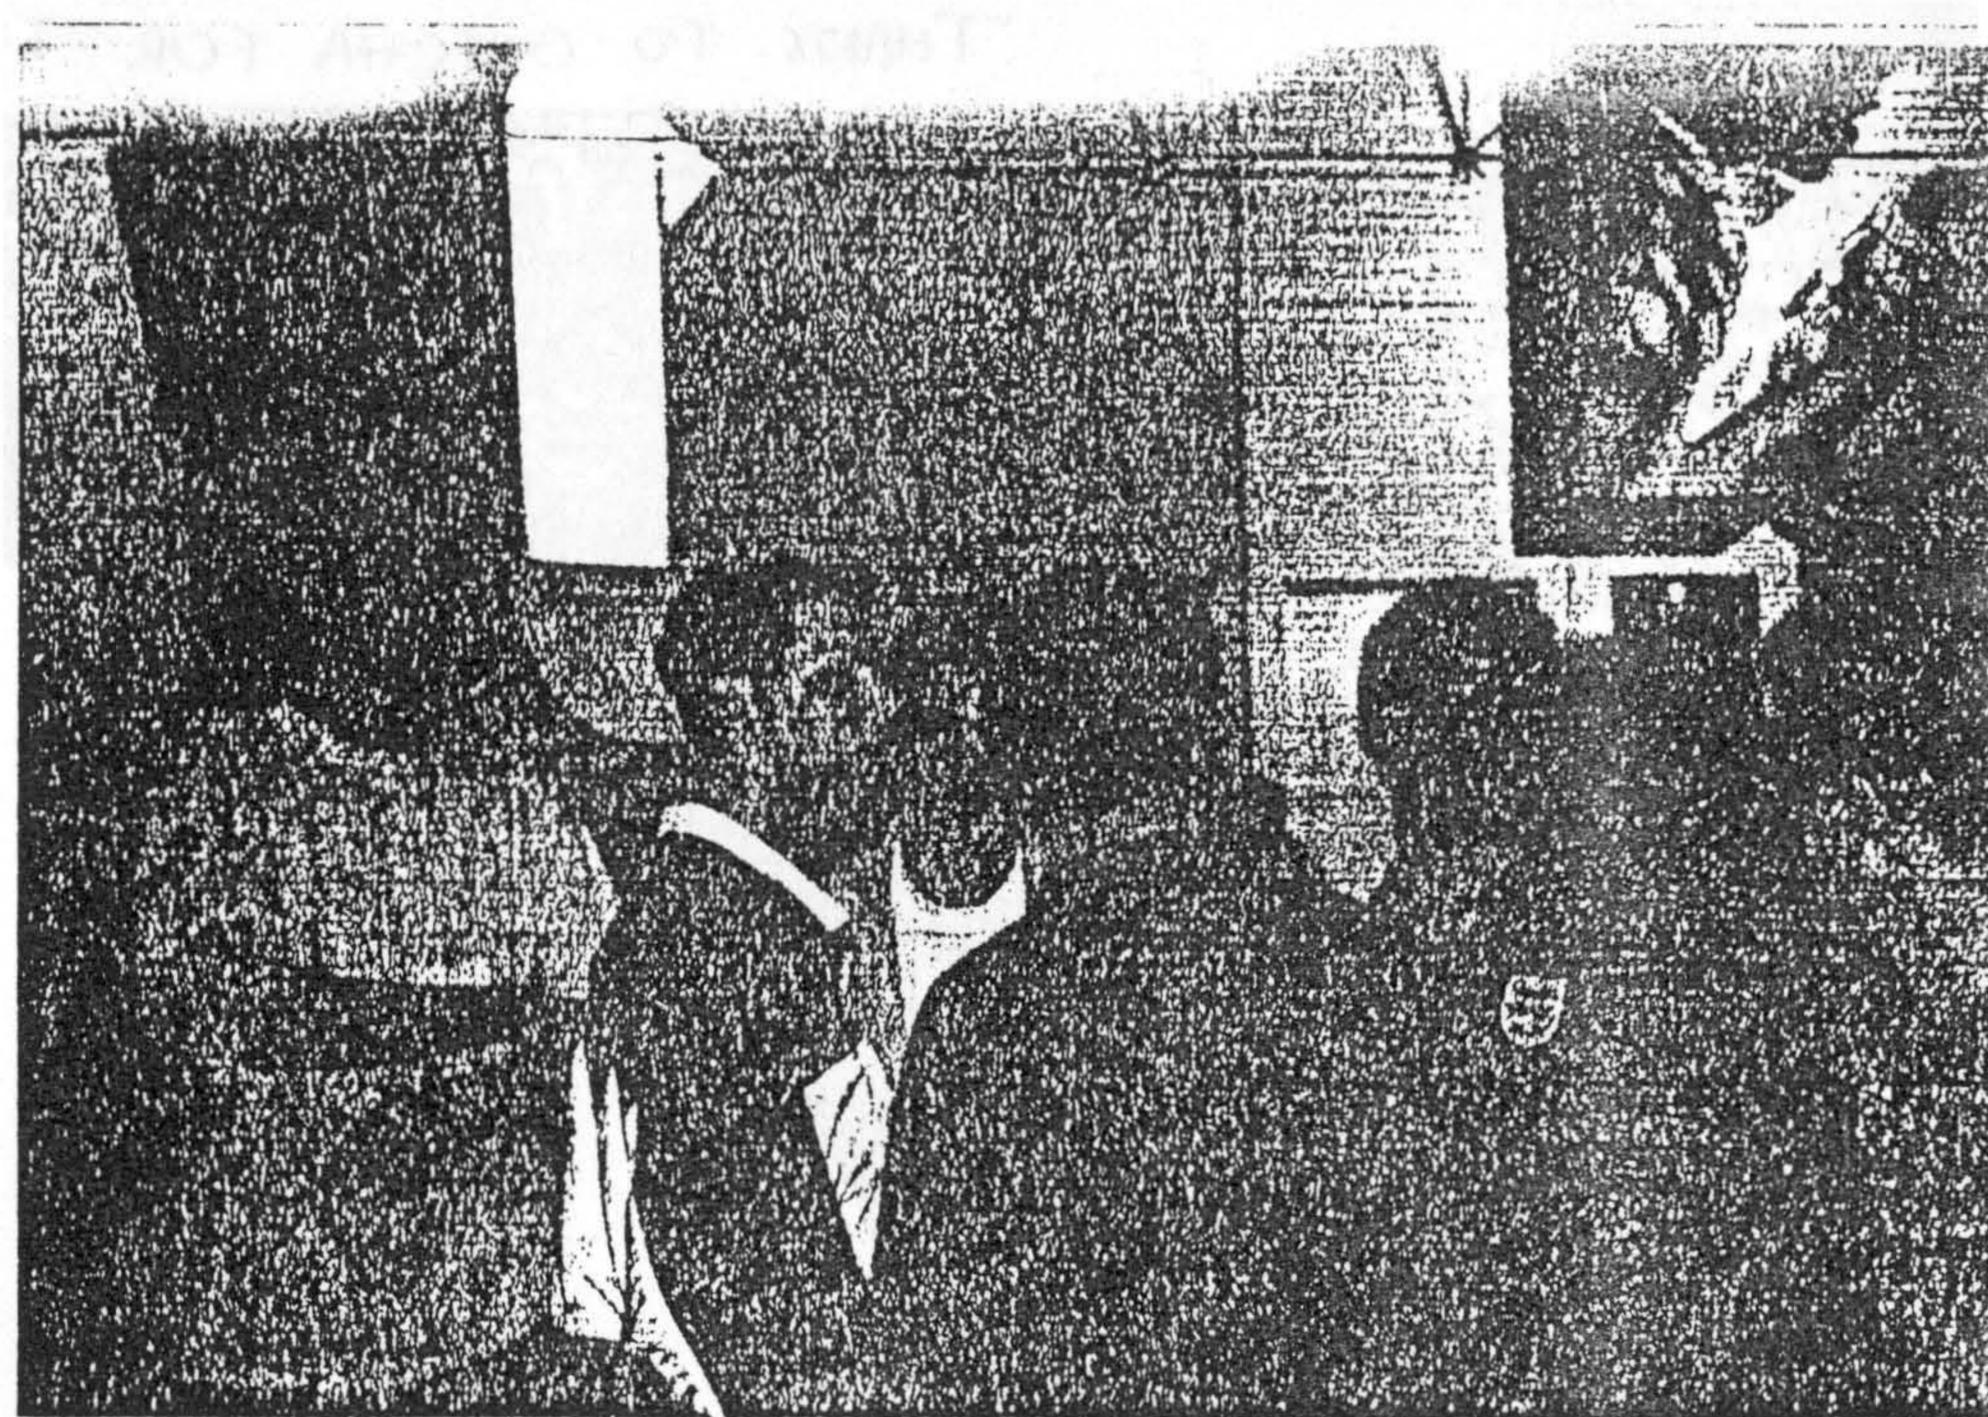

day) it was time for us to go to the show again!!! Ofcourse we had to wake Ninja several times cause he is used to sleep till noon!!! The owner of the youth-hostel told us that some other dudes slept in the same hotel!!!! I knocked on the door and i met an old buddie!!! JR JR PREDATOR and another dude from THE BLASTERS came all the way from SPAIN to visit me (and the show). Together we went to the show. Nothing special happened that day, we just walked around and walked, ate, drunk, played some arcades, spoke with some dudes and had a few laughs!!! That day was pretty boring to me!! But the evening promised to be lots better as we could sleep at MARK/SONIC SYSTEMS his place!!!! Normally TLH slept in his hotel but he came along with us!!! When we came at his place his mom made a fine dinner for us (first time we ate no burgers)!! Still we were hungry and went buying some fries but they looked like baked potatoes!! TCM bought him a pack, he ate the included sandwich and threw away the fries!!! Then we phoned up some people!!! As it was getting late Ninja, Wim and Abigail went to bed!! We were still fresh and we phoned up people like DEEK/VIBRANTS, FALCO/20CC at 2 am asking for some tunes for our games!!!! hehehe did we fool those dudes!!!! We also phone Deek's and Neon Judgements mother, Jumpie/f4cg, Foggy/babygang and some others till 4 am!! Refreshed and on full strenght we went back to the show!! First TCM/COSINE (he had slept at Mark's place too) had to buy some Coca Cola!! And he did... a bottle of 1 1/2 liter and he all drunk it in less then 1/2 hour!!!!!! As it was the first public day there was an enourmous crowd waiting to buy a ticket!! hehe lamers!!! We walked around (again) and met the coolest people of all Richie, Sauron, Garfield and Rebel Mc of ILLUSION!!!! Great dudes... They wanted to have a fight with Goblin/GP but he was constantly surrounded by 10 guyz (bodyguards???) ed.) but nothing really happened!!! We went again to Burger King to eat some more fastfood. This surely was destined to be the most unhealthy week in my life!! Burgers in the morning, noon and evening!!!! On our way we met the ILS dudes again and BOD/I+T!!!! Well I had nothing to do cause all the arcades were occupied by lamers (did i mention the DOMINATORS???? ed.), so i went having a drink with JADE/DOMINATORS. I let him taste some of the Belgian beer i brought along and he finished less then half a bottle (too strong Jade????) After all he's cool!!!! We met some other dudes with whom we made a chat such as : Sascha/XRAY Hobbit, Aaron and Strider/FLT, Babygang, Omg/Amok, Steve/Zenith etc.... too many to remember!! Soon it became evening and we (Solar, Abigail, Wim, Ninja, Tcm, Lord Joerix) went back to Mark's place. But first we wanted to go out!!! So we did with the guyz from DOM, TLH/COSINE and REBEL/GP!!!! We bought some booze and up we went, in search for adventure!!!! I had a bottle of wine with me that i brought along from Belgium but no one liked wine (good for me) so i drunk it all out myself!!!! All i could conclude from that evening was we had some good fun and that English people are pussy's. We wanted to go to soho and they didn't want to show us the way. Everywhere we wanted to go they had a bad excuse that it was too dangerous!!! Jesus we were with about 10 guyz so who would attack us!!!!???? After all we had to hurry up as we needed to catch our latest sub to Mark's place!!!! And we slept like babies. We had to meet Lord Joerix at 10 am but ofcourse we were there only 11 am!!! Lucky for us he still was waiting !! That day was entirely boring but we had to leave early anyhow cause we needed to get on our train and boat!!! So we waved our mates goodbye and promised to go back next year and i'll sure be there again!!!!!! By accident we met OMG/AMOK and SCRAP/GP on the boat!!!! We went to the pub and a dude asked WIM to play guitar but he broke 3 of the dudes snares!!! hehehe.... great guitar player!!! OMG and SCRAP had to get the same train as we but unfortunately they were on strike and it left after a long delay!!! Normally i had to work but i used the strike as an excuse and i went to bed!!! It was an unforgettable trip worth all the money and effort!!!!

Demo!

WHAT'S DESIGN? THE ULTIMATE DEMO BY CRAZY!

Interview with PHANTASM/DESTINY!

- 1) Tell us something about yourself...  
Well, my name is Mike. I am 22 years old. I'm 5.7 tall, black hair and green eyes. I have ben accused to be ugly. I'm married and have an 8 month old daughter called 'Cassandra'.
- 2) What about your computer carrier????  
I started out in piracy in the year 1984. My first group was called "NO PAY SOFTWARE", we cracked one game but at that time all was about 300Baud and the scene was really lame.  
Mostly I did nothing untill the year 1987, in wich I made a few demos for a group called "THE PORNO PIRATES". In that year I got my 1200Baud modem and started calling long distance boards. Then I started hanging out with guys like Pirated and through him I met some guys from MSI and they asked me to join. After that MSI died and I joined NEPAL.  
Then I disappeared from the scene for about 8 months and in this time I wrote a game. That brings it up to 1988 and then I joined a group called "CONQUEST". shortly after that I left in order to join FBR. After a few weeks I formed my own group RFO (Rage For Order). With RFO we leaded the US scene for 4 months. Then we merged with FBR for 2 days, but we found out that TBB was planning to take over FBR so we decided to split up.  
Most of 1989 I coded, while I quitted the scene. In the middle of 1990 I got the offer to join DESTENY and so I did.
- 3) Well, you're pretty long in the scene so which scene do you like more? The old or the scene nowadays???  
I like the old scene more because back then being elite ment more than just having codes. Back than you had to have more then just codes to get a game from da Euros.
- 4) What do you like about US guys and Europeans???  
HMMM. Let's say the Americans are alot lazier than the Europeans. They want to get fame for a little work. The Euros put more time in their cracks and demos. But the Americans are starting to get better.
- 5) Do you have any wishes???  
I hope the 64 survives another 5 years but I don't think it will. Else I wish that TBB will drop dead very soon!!!
- 6) Did you ever regret your years on the computer???  
Nope, because I always enjoyed it.
- 7) Do you have any future plans???  
I want to start cracking very soon and I would like to put up a board. Then I would like to do more art&music.
- 8) What are your favorites???  
movie: Platoon  
food: Pizza  
drink: Cream Soda  
game: Flimbo's Quest  
sport: Wrestling
- 9) Who are your best friends and do you want to greet someone???  
My best friends in the scene are: Asterix, Illusionist, Guardian, Taskmaster and Eclipse. I don't want to greet anyone because I hate everybody (What a strange dude...)
- 10) Thanks for the interview.  
You're welcome.
